Other Information:

Reason for inadequacy of profits, steps taken for improvement and expected increased in productivity:

The Company is an MSME, Medium sized Company. The scale of operations is medium sized and is not enough to sustain required profitability. However the revenue and turnover of the Company is growing at a steady rate. Other reasons for low profitability are higher cost towards increasing raw material prices, other direct costs and depleted margins due to intensified global competition. Effective steps are taken to improve the performance of the Company by reducing cost of production and other direct cost and by strengthening existing manufacturing facilities and by ensuring increase in turnover effectively. This would help the Company to achieve better economies of scale, larger volume and improved profitability.

Steps taken or proposed to be taken for improvement. The Company is working on expansion and diversification, digitization of operations and processes, cost optimisation, sales maximization focusing on overseas markets and exports. The Company is also aiming for value-added product offerings, capacity expansion of captive plant, reduction in cost of manufacturing and diversification in new high value chemical products.

Expected increase in productivity and profits in measurable terms - During the year 2017-18 revenue increased at a growth rate of 14.06% and Gross Profit (EBDIT) increased at the rate of 32.20% as compared to preceding years figures. The Company expects growth in turnover and revenue at the rate of 20% and Gross Profit (EBDIT) at the rate of 30% (approx.) on Y-o-Y basis.

3.1 Annexure- to the Board's Report 2017-18 **Management Discussion and Analysis**

1. INDUSTRY STRUCTURE & DEVELOPMENTS:

Pharmaceutical Industry - Global and Indian:

The global pharmaceutical industry revenue is forecasted to reach an estimated \$1,226.0 billion by 2018. The Indian pharmaceutical market is the third largest in terms of volume and thirteen largest in terms of value. Its revenue is estimated to grow at 15 per cent per annum between 2015 and 2020, thus outperforming the global pharmaceutical industry which is expected to grow by 5 per cent. The country's pharmaceutical industry is expected to expand at a CAGR of 22.4 per cent over 2015-20 to reach US\$ 55 billion. India's pharmaceutical exports stood at US\$ 17.27 billion in 2017-18 and are expected to reach US\$ 20 billion by 2020.

The Government of India unveiled 'Pharma Vision 2020' aimed at making India a global leader in end-to-end drug manufacture. Approval time for new facilities has been reduced to boost investments. In March 2018, the Drug Controller General of India (DCGI) announced its plans to start a single-window facility to provide consents, approvals and other information. The move is aimed at giving a push to the Make in India initiative. Medicine spending in India is expected to increase at 9-12 per cent CAGR between 2018-22 to US\$ 26-30 billion, driven by increasing consumer spending, rapid urbanisation, and raising healthcare insurance among others.

Chemical Industry- Global and Indian:

The global chemical industry has been expanding at a steady pace over the past couple of years with emerging Asian markets becoming a new manufacturing hub for the global chemical giants largely led by China where chemicals sales have increased manifold. Repelled by the slowdown in economy and plant shutdowns resulting from pollution control strictures by its Government, has surfaced India as an obvious beneficiary bringing it to lead global market position. India's capacity expansion growth rate has been the second highest after China. The global growth rate of the chemical market will be largely determined by developments in China, which accounts for more than a third of worldwide production.

The global chemical industry (excluding pharmaceuticals) grew by 3.5%, roughly. The global economy overall will expand by almost 4%, the fastest rate since 2011. The Indian industry has fared better and company growth rates have been in higher single digits as relatively stronger domestic consumption has ensured that Indian chemical companies enjoyed better growth compared to their global peers. The chemical industry in India is a key constituent of Indian economy, accounting for about 2.11 per cent of the GDP. With just a couple exceptions, outlooks for key chemical markets are equally bright.

DOMESTIC

Indian chemical companies support a sizable and highly diversified industry that includes commodities, specialities, polymers, agrochemicals and a range of other groups. Total chemical sales are expected to grow from US\$139 billion in 2014 to US\$214 billion by 2019. By 2025, the Indian chemical industry is projected to reach US\$403 billion. Major challenges for the Indian chemical industry are that it is highly fragmented with intense rivalry among companies. Because 100 percent FDI is allowed, domestic players can face stiff competition from foreign multinationals that have the ability to exert strong price pressures on local markets. The fact remains that the center of gravity for the global chemical industry is moving to the East, and Indian chemical companies are well-positioned to take advantage of this transition.

Doing business in India is getting much easier. Since 2014, the government administration has supported a number of reforms designed to encourage business growth by eliminating unnecessary laws and regulations, simplifying bureaucratic processes, and making the government more transparent, responsive and accountable. These reforms and other initiatives have supported a dramatic, even historic, rise in India's ranking on the World Bank's Ease of Doing Business (EoDB) Index — a jump of 30 places into the top 100 countries. In fact, India is the first large country ever to record such an increase in ratings over a single year.

INDIAN SPECIALITY CHEMICAL INDUSTRY

The Indian market for speciality chemicals is expected to reach US\$ 50 Billion by the end of 2018. Driven by the strong growth outlook for end use industries, the domestic market for speciality chemicals is expected to grow strongly, buoyed also by the increased adoption of speciality chemical and their increased usage in different product categories. Paints, coating and construction chemicals, colorants, Active Pharmaceutical Ingredients (APIs), personal care chemicals and flavors and fragrances are the specific segments that are expected to do well in the Indian market. Indian speciality Chemical companies are also strong in the export market with colorants, dyes and pigments being the key export oriented products. The domestic specialty chemical sector is expected to grow by about 10 per cent annually to almost double the market size by FY25, driven by growth in end-user industries,

OPPORTUNITIES & THREATS:

Strength & Opportunities

Your Company has been continuously striving to keep its costs to minimum possible to aggressively compete with Indian & global competitors. Moreover, slowly India is getting competitive with respect to global manufacturers, as global environmental rules are becoming stringent like that of India. In China, too, a tectonic shift is under way, as its economy moves from being export driven to one based on domestic consumption. Moreover, global players prefer Indian manufacturers due to better documentation and reliability. Your Company continues to work on economies of scale & widening product portfolio. The company falls under MSME sector due to which it enjoys various incentives. Company has great advantage of highly motivated manpower & this helps in continual process improvements & cost reductions. Our Company mainly focuses on customised products. Also, due to in-house technical expertise, your Company has strength of versatility in product range & able to stand in the market competitively. Company being Process driven, rather than Product driven, gives strength to absorb sudden impacts, if any, on our various Product demands.

Your Company has installed greener technologies like CNG fired boilers, economizers etc. to save power and fuel costs. However, Variation in crude oil prices would always be area of concern. The Company was able to cope up with these pressures in the past due to strong operational efficiency.

2. RISKS AND CONCERNS:

Extreme volatility of exchange rate of rupee against US dollar can have significant impact on the Company's operations because company has substantial imports. Any major change in Environment Policy by Government can affect the production on short term basis.

Regulatory and environment: While chemical industry addresses growing need for materials required by different sectors, the industry employs highly complex manufacturing process that often involves handling of toxic and hazardous chemicals. The process being energy intensive, the importance of safety, health, security and environmental protection cannot be underestimated. Like all chemical companies, your Company is subject to central, state, local and foreign laws and regulations relating to pollution, protection of the environment, greenhouse gas emissions, and the generation, storage, handling, transportation, treatment, disposal and remediation of hazardous substances and waste materials. Other areas of risks are accidents, fire or mishaps. However the Company is adequately insured and health and safety measures are always prioritised. MSME chemical companies rely on supplies from larger plants, or petrochemical units & Inputs for a chemical plant cannot be easily substituted.

Volatility in Raw Materials Prices: Volatility in the global prices of raw materials is the foremost challenge faced by the chemical industry. Sharp corrections in the crude oil prices aligns prices of various raw materials procured by the Company which influence topline even as they have a limited impact on profitability due to adoption of a cost plus pricing model for all its products.

Slowdown in End User Industries: The slowdown in growth of industries such as Pharmaceuticals, Paints, Pigments & coatings, Agrochemicals amongst others could impact the overall growth. However, your Company has an ability to shift the manufacturing towards those products which enjoy better demand-supply dynamics thereby sustaining profitability and insulating the operations from slowdown in a particular product category.

3. SEGMENT WISE PERFORMANCE:

For the year 2017-18, around 100% of the total sales of the company came from Intermediates for bulk Drugs (API), Dyes & pigment industries segment. Your Company also had almost 90% capacity utilization in Chlorosulfonation & Oxidation facilities - manufacturing intermediates for bulk Drugs (API), Dyes & pigment industries. Many of them are import substitutes manufactured for the first time in India.

4. OUTLOOK:

Your company is in the business of manufacture of chemicals which have applications in end user segments like bulk Drugs (API), Dyes, Paints & pigment industries etc. The products proposed to be manufactured by the Company are falling under the category of Speciality Chemicals which have good demand and market potential in both domestic and International markets, with demand in domestic market expected to follow an accelerated growth path. Moreover, after the REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) regulation imposed by European Countries and stringent Pollution Control norms being recently implemented in China, costs of handling effluents have increased resulting in relocation of manufacturing operations by large number of companies to India

Your Company has progressively leveraged chemistry skills to produce higher value products, expanding capacities to optimal scale. The Company has placed a greater focus on better value added chemical processes. Comparative low labour costs, excellent army of technical manpower, capabilities to scale up technologies, potential to increase share in undeveloped domestic and global markets shall empower your company's Speciality Chemicals growth.

With the increase of government support and initiatives to promote Micro, Small and Medium Enterprises through investments, tax benefits, subsidies etc. will help the industry to grow over the coming years. In the preceeding year your Company came up with Public Issue and utilised the fund to meet the working capital requirement. The Company always strives to cater to the customized demand and main focus is to cater the need of the Pharmaceutical Industry, Dyes Industry, Pigments Industry and your company has achieved target revenues with high level of customer satisfaction. With very robust demand for company's products, Company has potential for adding capacities in coming period.

5. ENVIRONMENT HEALTH & SAFETY:

Your Company has appropriate Waste Management Systems for Air, liquid & solids. Safe disposal of waste, treating effluents to manufacture an eco-friendly by-product and In-house team ensuring pollution control & energy conservation - are some of the ways adopted by Company to operate in an eco-friendly manner. Continuously, the Company has innovated many more techniques to reduce the effluent generation in the process, utility and domestic areas across units to reduce the entire effluent stream. Environmental requirements are incorporated into the plant design right from the preliminary stage of a process. (For the Financial year ended on 31st March, 2018)

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

**To,
The Members,
CHEMCRUX ENTERPRISES LIMITED
T-7, National Plaza,
R C Dutt Road,
Vadodara – 390 007**

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practice by **CHEMCRUX ENTERPRISES LIMITED** (hereinafter called “the Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/ statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minutes books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2018 complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company, for the financial year ended on 31st March, 2018, according to the provisions of:

1. The Companies Act, 2013 (the Act) and the rules made thereunder.
2. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder.
3. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder.
4. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and Overseas Direct Investment and External Commercial Borrowings.
5. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act').

INDEPENDENT AUDITOR'S REPORT

**To,
The Members of CHEMCRUX ENTERPRISES LIMITED**

Report on the Financial Statements

We have audited the accompanying Financial Statements of **CHEMCRUX ENTERPRISES LIMITED** ("the Company") which comprise the Balance sheet as at 31st March, 2018, the Statement of Profit & Loss and the Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position and financial performance of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31/03/2018, and its Profit for the year ended on that date.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub section (11) of section 143 of the Companies Act, 2013. We give in the Annexure A statements on the matters specified in paragraphs 3 and 4 of the order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations, which, to the best of our knowledge and belief, were necessary for the purpose of our Audit;
- b) In our opinion, proper books of accounts as required by the law have been kept by the Company, so far as appears from our examination of the said books;
- c) The Balance Sheet, Statement of Profit & Loss and Cash Flow Statement dealt with by this report are in agreement with the books of accounts of the Company;
- d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of written representations received from the directors, as on 31st March, 2018, and taken on record by the Board of Directors, we report that none of the directors is disqualified as on 31st March, 2018 from being appointed as a director of the Company in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls; refer to our separate report in “**Annexure B**” attached herewith.
- g) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
 - (ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.

Annexure – B to the Independent Auditors’ Report

“Annexure B” to the Independent Auditor’s Report of even date on the Standalone Financial Statements of Chemcrux Enterprises Limited :

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **CHEMCRUX ENTERPRISES LIMITED** (“the Company”), as on 31st March, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and operating effectiveness of internal control based on the assessed risk. The procedures selected depend upon on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issues by the Institute of Chartered Accountants of India.

5. NOTES FORMING PART OF THE BALANCE SHEET AND STATEMENT OF PROFIT AND LOSS ANNEXED THERETO:

1. ***General Information of the Company :***

Chemcrux Enterprises Limited ("the company") was incorporated in April 1996 to undertake the business of manufacturing or processing of Bulk Drug Intermediates like Para Chloro Benzoic, Ortho Benzoic Acid, and Lasamide etc.

The Company started its business activities in the year 2000-01 by taking over the running business of M/s. Chemcrux, a partnership firm of the promoters, as a going concern. The Company made its Initial Public Offering in March, 2017. The Company was listed on the Bombay Stock Exchange (SME).

2. ***Significant Accounting Policies :***

I. ***Basis of Accounting :***

The accounts of the Company are prepared under the Historical Cost Convention and using the accrual method of accounting unless otherwise stated hereinafter, in accordance with the provisions of Companies Act, 2013("the Act") to comply in all material aspects, with the mandatory accounting standards specified u/s. 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014 in conformity with accounting principles generally accepted in India. Accounting Policies, not specifically referred to, are consistent and in consonance with generally accepted accounting principles.

II. ***Use of Estimates:***

The Preparation and Presentation of Financial Statements as per the above bases required the management to make estimates and assumptions that may affect the balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of the balance sheet and the reported amounts of incomes and expenses during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from those estimated.

III. ***Fixed Assets & Depreciation :***

Tangible Assets are stated at cost, net of tax / duty credits availed, if any, wherever applicable, less accumulated depreciation/ impairment losses, if any. Cost includes original cost of acquisition, including incidental expenses related to such acquisition and installation.

Intangible assets are stated at cost or acquisition less accumulated amortization and impairment loss, if any. Intangible assets are recognized only if it is probable that the expected future economic benefits that are attributable to the assets will flow to the enterprise and the cost of the assets can be measured reliably.

Capital work-in-progress comprises of the cost of assets that are not ready for their intended use at the reporting date.

IV. ***Depreciation***

Depreciation on assets is being provided on the Straight Line Method on the basis of useful lives specified in Part C of Schedule II to the Companies Act, 2013. Depreciation on additions during the year as well as in case of assets sold during the year has been provided pro-rata on the basis of number of days for which the asset was used during the year. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, commencing from the date the asset is available to the company for its use.

V. ***Inventories :***

Raw Materials are valued 'at Cost' on FIFO basis. 'Cost' includes all duties, taxes and other expenses incurred to bring the inventories to their present location and condition. Finished products are valued at lower of cost and net realizable value. Semi-Finished Goods have been valued at Raw Material cost increased by a proportion of overheads and semi-finished goods of job work valued at cost of own raw materials involved in the process increased by overheads in consonance with the stage of completion as certified by the management.

VI. ***Employee Benefits :***

Short term Employees Benefits:

All employee benefits payable wholly within 12 months after the end of period in which the employees render the related services are classified as short term employee benefits and recognized as expenses in the

period in which the employees rendered the related services. The company recognizes the undiscounted amount of short term employees benefits expected to be paid (including compensated absences) in exchange for services rendered, as a liability.

ii) Post-employment benefits:

- a) Defined contribution plans: the company's contribution under the employees' provident fund scheme, general Labor welfare fund scheme and employees' state insurance scheme are defined contribution plans. The contribution paid / payable under the schemes is recognized during the period in which the employees rendered the related services.
- b) Defined Benefits Plans: The employees' gratuity fund scheme is Company's defined benefit plan. The Company has taken Group Gratuity Policy for future payment of gratuity. The present value of the obligation under this defined benefit plan is determined based on the Actuarial Valuation Certificate. Company has made provision for gratuity in the books of account on the basis of actuarial valuation carried out by an independent actuary at the balance sheet date.

The Company has obtained the Actuarial Valuation Certificate for leave encashment and made the required provision in the books of accounts.

VII. Revenue Recognition :

Revenue is recognized on transfer of property in goods or on transfer of significant risks and rewards of ownership to the buyer, for a consideration, without the seller retaining any effective control over the goods.

Export sales are accounted at their CIF value based on the actual realization in Indian Rupees according to the realization certificates of the Banks

Other items of income such as Interest, Claims etc are accounted on accrual basis (depending on certainty of realization) and disclosed under the head "Other Income"

VIII. Foreign Currency Transactions :

- i) Transactions denominated in foreign currencies are recorded at the exchange rate prevailing on the date of the transaction.
- ii) Monetary items denominated in foreign currencies at the year-end are restated at the year-end rates.
- iii) In case of Forward Foreign Exchange Contracts, the difference between the year-end rate and the rate on the date of the contract is recognized as exchange difference.
- iv) Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Statement of Profit and Loss.

IX. Borrowing Costs :

According to AS-16, borrowing costs that are directly attributable to the acquisition of qualifying assets are to be capitalized for the period until the asset is ready for its intended use. A qualifying asset being, an asset that necessarily takes a substantial period of time to get ready for its intended use. Other borrowing costs are to be recognized as an expense in the period in which they are incurred.

X. Investments :

Investments that are readily realizable and intended to be held for not more than one year from the date on which such investments are made, classified as Current Investments. All other investments are classified as Non-current Investments. Current investments are carried at lower of cost and fair value. Non-current investments are carried at the cost.

However, provision for diminution is made to recognize a decline, other than temporary in the value of Non-current Investments, such reduction being determined and made for each Investment individually.

XI. Taxes on Income :

Provision for Current tax is made, based on tax estimated to be payable as computed under the various provisions of the Income Tax Act, 1961.

Deferred tax is recognized, subject to prudence, on timing differences between taxable income and accounting income that originate during the year and are capable of being reversed in one or more subsequent periods. Deferred tax assets are recognized only to the extent that there is a reasonable certainty that future taxable income will be available against which such deferred tax assets can be realized. Deferred Tax Liabilities / Assets are quantified using the tax rates and tax laws enacted or substantively enacted as on the balance sheet date.

XII. Contingencies / Provisions :

Provisions requiring a substantial degree of estimation in measurement are recognized, if in the opinion of the Management, there is a probability that a present obligation as a result of past events will result in an outflow for the Company in the future. Contingencies, the outcome of which is not certain, have been disclosed in these notes as Contingent Liabilities. Contingent Assets are neither recognized nor disclosed in the financial statements. A provision is recognize when the company has a present obligation as a result of the past events and it is probable that an outflow of resource will be required to settle the obligation in respect of which a reliable estimate can be made.

XIII. Impairment of Assets :

Assessment of Impairment of Assets (as covered under AS-28 Impairment of Assets) is done as at the Balance Sheet Date considering external and internal impairment indicators. If there is an indication that an asset may be impaired, its recoverable amount is estimated and the impairment loss duly provided for.

XIV. Earnings per share :

Basic earnings per share is computed by dividing the net profit or loss for the period attributable to shareholders by the total number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential Equity Shares.
